MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : U. S. Communications Security Board Meeting

1. CIA will host the next meeting of the U. S. Communications Security Board which is set for 28 November. The Board which is now chaired by Dr. Eberhardt Rechtin, Assistant Secretary of Defense (Communications) has membership per the attached roster plus Lt. General Gordon T. Gould, Jr., Director, Defense Communications Agency and Mr. Harold S. Trimmer, Jr., General Services Administration. Normally each principal attends with two or three assistants and Dr. Louis Tordella is usually present in his capacity as the senior advisor to the Board for matters requiring long term continuity.

2. Since, to our knowledge, this is the first Board meeting to be held at the CIA headquarters, we would appreciate if, following the meeting, you could join the principals for luncheon at 12:30 p. m. in one section of the Executive Dining Room.

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : United States Communications Security Board
Meeting Scheduled for 28 November 1972

1. This memorandum is for your information only.
2. At the request of the Executive Secretary of the United States Communications Security Board CIA will host the next Board meeting which is scheduled for 28 November 1972. Attached is the current Membership Roster for the USCSB. Note that Lt. General Gordon T. Gould, Jr., of DCA and Mr. Harold S. Trimmer, Jr., of General Services Administration have been added. Normally each principal on the list attends, plus Dr. Tordella from NSA in his capacity as the Senior Advisor to the Board for matters requiring long-term continuity. In addition, each agency is usually represented by two to three others depending on the subject matter. Overall we are planning on hosting between 35 to 40 people.
3. At the last meeting at NSA the USCSB Members were the guests of the Director of NSA at lunch at a separate table in the NSA Executive Dining Room. The other participants at the meeting sat at scattered tables throughout the NSA Executive Dining Room. If, after the agenda is published, it appears that the meeting will extend into the lunch hour we should plan to provide similar arrangements for this meeting.
4. As of now we plan to hold the meeting in one of the training rooms on the first floor, Corridor A. The USIB Conference Room is very heavily scheduled these days for some crash USIB meetings making it difficult to forecast whether or not this room would be available for USCSB use.
5. As I discussed with you recently, we might ask the DCI if he would like to host the luncheon session. We have several options on luncheon arrangements. The principals could eat in half of the Executive Dining Room with the

"bleacher boys" in the Rendezvous Room with hosting. Also, the USIB Conference Room would certainly be preferable to the 1A-07 (or similar) location.

6. I'll await your further guidance.
